## ABOUT THE COMPANY

TEEJEE SCAFFOLDING LTD, formally known as TEE JEE RESOURCES was registered with the latter name as an indigenous company in Nigeria under the Companies and Allied Matters Act of 1990, with registration number PH/056905 on February 26th, 2001. It was later incorporated as a limited liability company by shares with registration number RC 692165 on May 22nd, 2007.

TeeJee Scaffolding Ltd has been providing scaffold solutions over a decade throughout Nigeria. We are a highly regarded player in the industry, thanks to our commitment to quality, professionalism and safety.

We pride ourselves in providing a level of customer care second to none, whilst giving a professional and effective service, regardless of size or proximity. We are specialists when it comes to:

- ❖ Supply and hiring of all types scaffold materials and accessories for Civil and Industrial scaffold projects
- ❖ Scaffold trainings and consultancy
- ❖ Pipeline construction and maintenance
- ❖ International and local procurement
- ❖ Fabrication and installation of offshore manifolds
- ❖ Labour supply

TeeJee Scaffolding Ltd has a policy of “getting it right first time”. Our resources, workforce, and our working practices are all geared towards providing a perfect performance with perfect results. Drawing on our inventory of high quality scaffold materials, each scaffolding system is designed specifically for your project and planned in advance to save valuable time on-site.

Using system scaffold or traditional tube and fittings, reliable and tested techniques, our trained competent scaffolders install the system to suit the customer’s requirements which are always designed to allow ease of access both internally and externally and to comply with Code of Practice TG20 & SG4.10.

Secure, sound scaffolding is the key to the safe and successful completion of any building project. So, whatever the variables in your scaffolding projects, be rest assured TeeJee Scaffolding Ltd will provide strength and reliability you can count on.

We invest heavily in the training of our scaffolders through C.I.S.R.S, Scaffold Training Institute Texas, U.S.A. and also running regular in-house training programmes using external consultants when and where appropriate. A continually satisfying feature of the workforce is the high proportion of our competent scaffolders who apart from core scaffold courses have taken and passed Work at Height safety course and First Aid training courses. A tangible benefit for all concerned when working on-site.

## **VISION, MISSION AND OBJECTIVE OF THE ORGANIZATION**

### *VISION*

---

To be the best name in scaffold support services through offering quality services to achieve client's satisfaction.

### *MISSION*

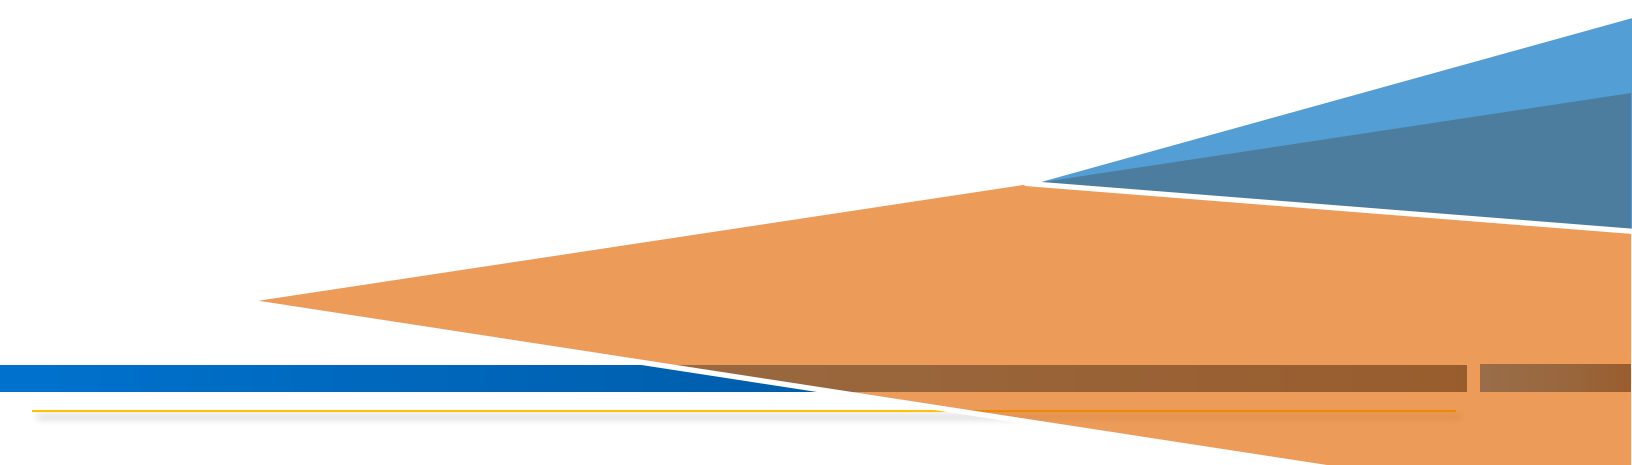

---

We are committed to translate our vision through collaborative approach and culture of excellence into enhances capability and capacity for customer satisfaction.

### *GENERAL OBJECTIVE*

---

To achieve steady growth in our operations and better our performance from year to year without compromising on the quality of services we render.

## WHY CHOOSE US?

We deliver a high level of professional service and customer care to all of our clients, time and time again.

Our customer cuts across all industries, large and small enterprises. Armed with a team of consultants with specialized industry and engineering knowledge, we support customers with a total solution right from consultancy to implementation.

Our customers are guaranteed completion of their projects as scheduled. Customer's safety is always our first priority; hence we have engineers and certified scaffold supervisors for scaffold designs and supervision of all projects.

We have a purpose-built yard and premises, which are strategically placed in Portharcourt, allowing us to provide a service to the Oil & Gas industries. These premises hold our major stock requirements of high quality materials and our team of experts makes it possible for us to cover many states in Nigeria. This means we can respond quickly to customer requirements therefore maintaining and elevating levels of customer satisfaction.

In addition, our continued investment in scaffolding and scaffold related equipment and scaffold trainings is paramount to upholding the high quality of service we offer to our customers

At TeeJee Scaffolding Ltd, we have a policy of, 'Getting it Right First Time.' With our experienced management team, in house scaffolding engineer and large workforce of trained scaffolders, we endeavour to deliver the highest quality of workmanship. Each scaffolding system is designed specifically for your project and planned in advance to save you valuable time on site.

All our Scaffold Inspectors are C.I.S.R.S and S.T.I certified, with advanced scaffold knowledge. Health and safety policies and practices are constantly reinforced by our ongoing training and are reflected in our improving safety record. As such we have a reputation for gaining repeat business from many major blue chip companies and local contractors alike.

# HEALTH AND SAFETY

Health and safety is at the center of TeeJee Scaffolding Ltd's ethos. Our management team reviewed the Health, Safety and Environmental legislation when considering their responsibilities for setting our Health and Safety Policy objectives to ensure that we create the safest working environment for all.

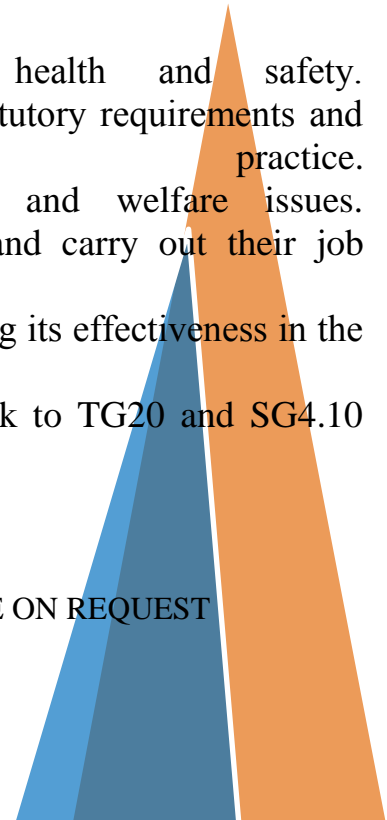

As such, it is the principle of TeeJee Scaffolding Ltd to practice and maintain a safe and healthy working environment for all of its employees, clients, operatives, visitors and the general public. We work to continuously review and improve all practices and procedures pertaining to employee welfare, and any necessary improvements are implemented immediately. This includes an insurance policy covering our all our workers.

As a company, we strive to manage our business in a reasonable and practical manner so that the safety and welfare of all persons affected by work activities carried out by TeeJee Scaffolding Ltd are not exposed to risk. TeeJee Scaffolding Ltd works to the relevant codes of practice for the industry TG20 and SG4.10.

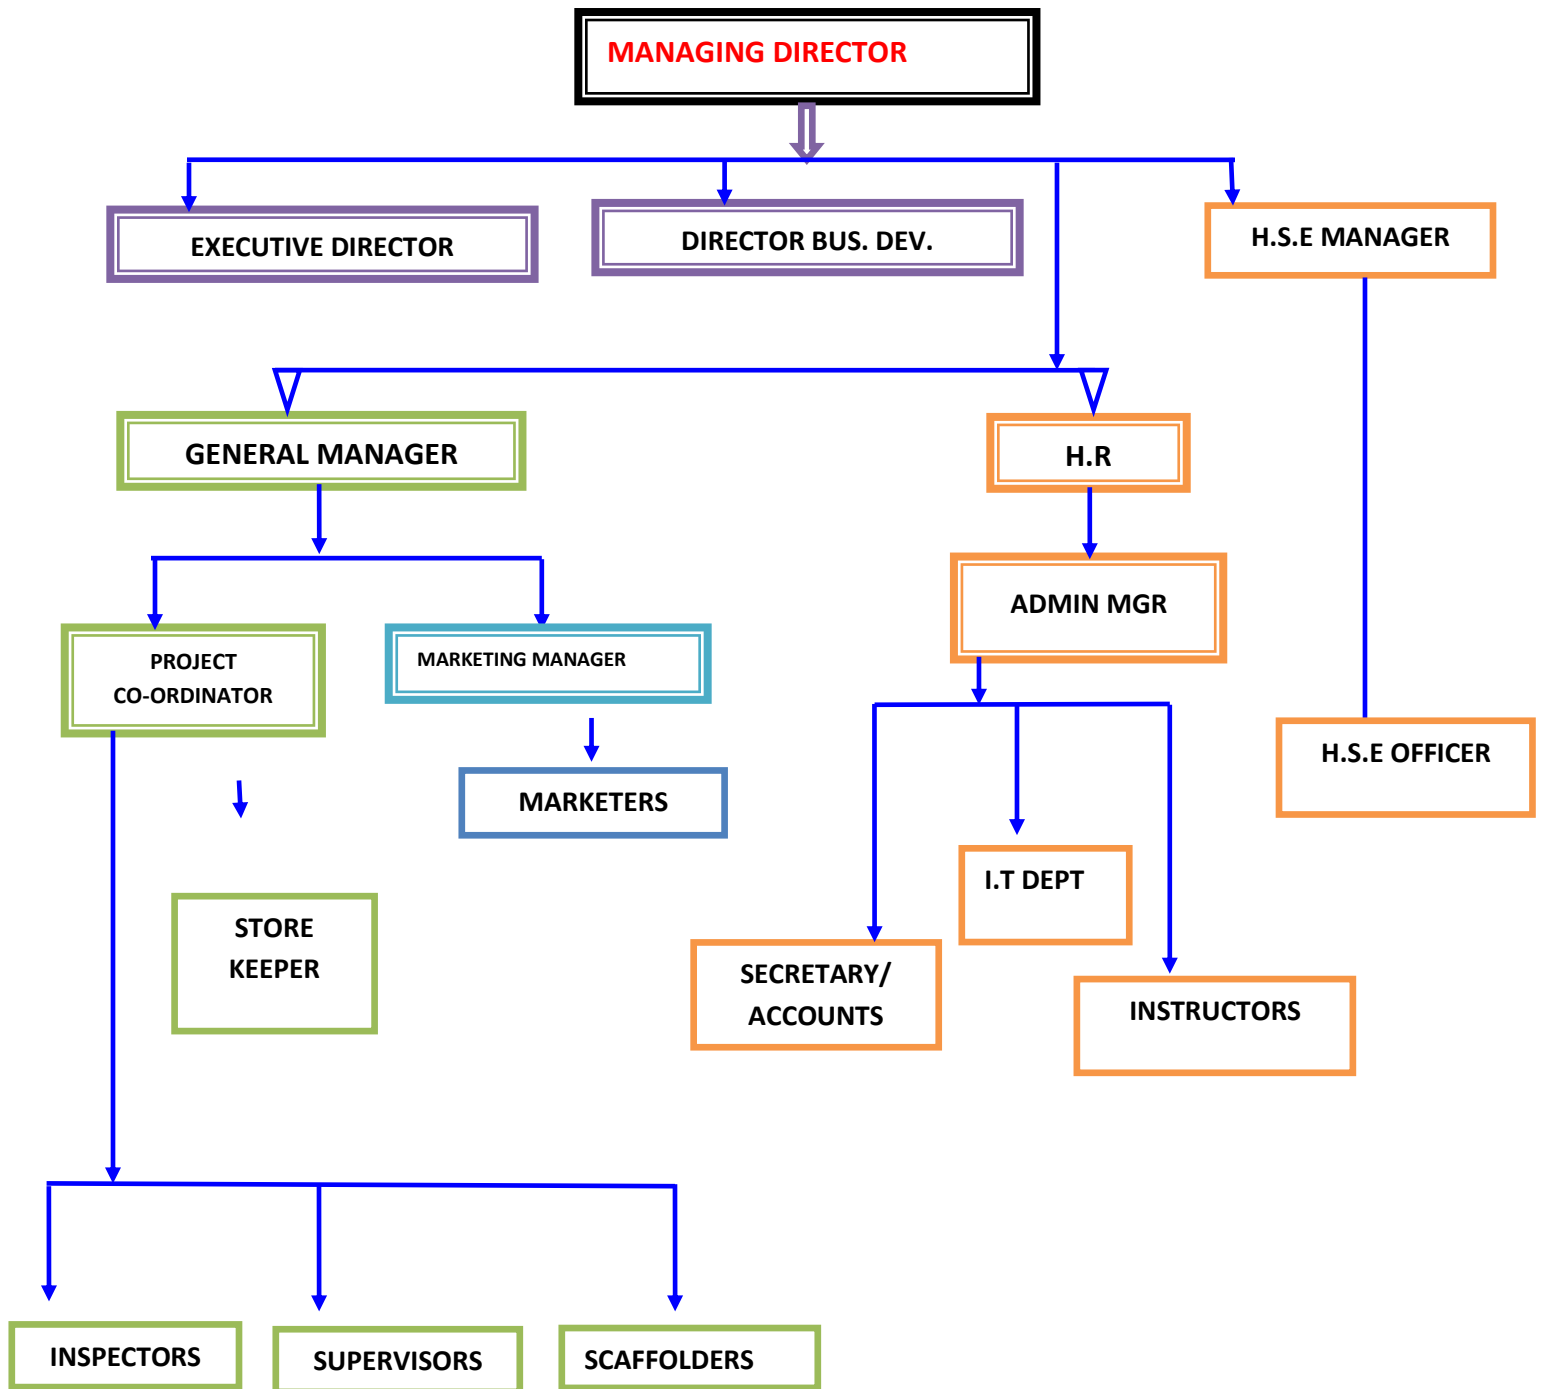

Our objectives towards fulfilling this policy are to:-

- Identify, eliminate and reduce risks to health and safety.
- Work to relevant safety standards which satisfy our statutory requirements and reflect good working practice.
- Consult with employees on all health, safety and welfare issues.
- Ensure that all employees are trained, understands and carry out their job responsibly.
- Continually monitor this policy by auditing and reviewing its effectiveness in the workplace.
- Ensure that our supervisors check that scaffolders work to TG20 and SG4.10 codes of practice

ALL OTHER SAFETY DOCUMENT TO BE MADE AVAILABLE ON REQUEST

# ORGANIZATIONAL CHART

## WORK EXPERIENCE

We have garnered lots of experience in offshore and onshore projects by supplying materials and labour. Such projects include scaffolding services include but not limited to:-

- ❖ GbaranUbie Shell Project in Bayelsa state.
- ❖ Oben gas plant expansion at Edo state (Under SEPLAT)
- ❖ Well head maintenance at Gbaran 23 & 24.
- ❖ Otumara gas plant maintenance.
- ❖ Well head maintenance, Agip location
- ❖ Afia well head maintenance (Exxon Mobil),
- ❖ Port-Harcourt NLNG Jetty Expansion, Gas Flow Station maintenance at Oyibo (Shell),
- ❖ Flare line Gbaran, in Bayelsa State (Shell),
- ❖ Construction and maintenance of CALABAR INTERNATIONAL CONVENTION CENTRE. (BOUYGUES CONSTRUCTION Nig. LTD)
- ❖ Edop platform maintenance (Exxon Mobile)
- ❖ Usari HP well-head maintenance.
- ❖ Usari PP facility maintenance
- ❖ Onesubsea offshore system projects e.g scaffolding services for
  - Pressure testing on HFL REEL
  - Blasting and painting, welding, insulation works on JUMPER and SPREADER BAR.
  - Maintenance works on XMASS TREE.

We inspect and certify scaffolding materials before deploying them to use in projects in accordance to British Standard (BS) work at site policy. We also carry out inspections and tagging of erected scaffold before use to assure stable and reliable platforms for jobs to be done.

# TRAINING AND SUPPORT

Every industry is enjoined by law to employ competent erectors to carry out scaffold jobs and such erectors must have the basic knowledge of constructing a standard scaffold. The purpose of our training is to equip the individuals and company workers with the skills and technical know-how in scaffold technology and to improve erectors to meet up with the current conventional standard of scaffolding operation in the country and beyond.

TEE JEE Scaffolding offers Basic level, Advanced level and Scaffold Inspector training services to individuals and companies (corporate trainings). We have state of the art training centre for theory and practicals. We impart our trainees with quality scaffolding knowledge that is unequalled and of standard obtainable internationally because our trainers are internationally certified from C.I.S.R.S and Scaffold Training Institute, Houston Texas, U.S.A.

Our training entails, scaffold technology, scaffold designs, safety application and erection, dismantling, fall protection/prevention, alteration and material inspection.

We also offer labour supply of competent scaffolders.
